## **People**

### **Faculty structure, lecturers and staff**

The Faculty consists of three academic departments: Economic Management, Social Management, Technology Management and one Center for Training, Research and Management Consultancy.

Our full time academic staff graduated from globally-recognized universities and the vast majority are associate professors and doctors in the field of economics and management. All the academic staff members have extensive teaching and professional experience and carry out substantial research work.

### **Activities**

The Faculty provides academic programs at the undergraduate and graduate levels.

At the undergraduate level, we offer two Bachelor's degrees taught in Vietnamese – Bachelor of Economic Management and Bachelor of Public Management – and one Bachelor's degree taught in English – Bachelor of Public Management and Policy.

At the postgraduate level, the Faculty offers both a Master of research and Master of course work in Economic Management & Policy and Public Management. We have been training PhDs since 1980 (intake I) and currently we are providing two PhD programs in Management Science and Public Management.

#### ***Bachelor of Economic Management***

- Started in 1994, the program aims at training professional managers and consultants in the fields of economic management and policy. The program is taught in Vietnamese.
- Students are equipped with fundamental knowledge and skills in economics and management.

#### ***Bachelor of Public Management***

- Started in 2006, this program was designed based on current public management curricula at globally-recognized universities. The program is taught in Vietnamese.
- Students are equipped with foundational and up-to-date knowledge in public management, necessary skills and attitudes for professional public managers.

---

### ***Bachelor of Public management and Policy in English***

- This is a high quality undergraduate program taught entirely in English, which equips students with skills and attitudes necessary for professional public managers.
- All core courses are conducted in English by local and foreign professors.
- Degree is awarded by the National Economics University.

### ***Master in Economic Management and Policy***

- This program is designed to provide a broad understanding and necessary skills for economic managers and policy analysts to work creatively and efficiently. The program is delivered in Vietnamese.
- Students may choose either full-time (1.5-year) or part-time (2-year) programs.

### ***Master in Public Management***

- This program is designed based on current public management curricula at globally-recognized universities in the USA and the UK and oriented to a Vietnamese context.
- The program focuses on the development and strengthening of skills and attitudes relevant to solving public problems.
- Students may choose either full-time (1.5-year) or part-time (2-year) programs.

### ***Doctoral Program***

- The Faculty provides a PhD in Economics with two majors: (i) *Economic Management*, and (ii) *Public Management*.
- We prepare the next generation of leading management researchers with a focus on conducting research and developing management theories.
- PhD candidates are equipped with broad and thorough knowledge in management and research skills that are necessary for publishing research works in leading national, regional and international journals.
- PhD students may choose either full-time (3-year) or part-time (4-year) programs.

Over the last 40 years, apart from training, the Faculty of Management Science has had a variety of scientific research projects at Ministry and University levels and participated in scientific research projects at the State level. Hundreds of articles

authored by the Faculty's lecturers have been published in professional journals and at national and international scientific conferences. Dozens of textbooks and books authored by the Faculty's lecturers have also been published.

### **Achievement**

- Certificate of merit from Ministry of Education and Training in 2011
- Certificate of merit from Ministry of Education and Training in 2014
- Continuously won the title of Excellent Labor Collective in 2011-2012 and 2012-2013
